The Courtyard is a tranquil and serene venue. Walk in through the ancient granite entrance into the enchanting gardens. Hear the patter of the waterfall and candles sparkling from the rocks. This beautiful tuscan backdrop provides the perfect combination of privacy and elegance with space up to 300 guests under our spacious pavilion giving you everything you need for your happily ever after.

## *The Marbleroom*

Tie the knot in the intimate indoor setting of the Marble Room. The soft wallpaper and designer carpet in the space is offset by subtle lighting, providing a warmth and comfort all of your guests will enjoy. Named after its shimmering marble dance floor, the bi-level design adds extra dimension to your wedding. The Marble Room can accommodate up to 120 guests. Stop the party long enough to host a celebratory toast at the mahogany bar, then let guests dance all night long under the three gold chandeliers shimmering over the glistening marble floors.

## *The Ballroom*

The ballroom brings rustic elegance to a new level. The grand setup includes 14-foot ceilings and golden chandeliers glisten against the cherry wood wainscoting. Light from the wall sconces reflect off of the black-and-white checkered tile floor. With massive fireplaces on each side of the room and long floral drapes accenting the windows creates an endless dance floor accommodating up to 300 guests. Two mahogany bars line the walls, creating a classic conversation space for party-goers who make their way off of the dance floor.
